

2026 富邦人壽管理博碩士論文獎投稿格式說明

The Format of the Fubon Life Management Doctor and Master Thesis Award

Abstract

This article is from the Chinese Management Association to serve as an example for the format of 2026 Fubon Life Management Doctor's and Master's Thesis Award and is provided to applicants as a reference. Theses submitted to this award will be assessed by its assessment committee. Both Mandarin and English theses are welcome. In principle, a doctor's thesis should be 15 to 30 pages in length (excluding abstract) and master's thesis should be 10 to 20 pages in length (excluding abstract). Regarding the submitted files of the thesis, both Mandarin and English thesis should include Mandarin and English title and abstract in the first page. The font of Mandarin characters throughout the article should be "DFKai-sb", while English characters and numbers should be "Times New Roman". The title of the thesis should be font size 20, level 1 title in the text should be font size 16, level 2 title should be font size 14, while other secondary level text should be font size 12. For further details on the format of the submitting thesis, please refer to the following content. Regarding page number, please start numbering from the text of the thesis. Please use Arabic numerals at the bottom of the page, font "Times New Roman", font size 10, and aligned center.

Keynote : CMA, Fubon Life, management, Thesis Award (Up to 5 keywords)

1. Foreword

The 2026 “Fubon Life Management Doctor’s and Master’s Thesis Award”, sponsored by Fubon Life, is the largest annual nationwide doctor’s and master’s thesis award held by Chinese Management Association (“CMA”) for management professionals. CMA expects that this event can promote the flow of knowledge within the domestic academic circles on management, enhance the exchanges between outstanding management elite students and corporations of Taiwan, and thus achieve the interaction of knowledge, talent, industry and academy.

CMA held the first Management Master’s Thesis Symposium on June 1991. Upholding the idea of giving back to society and the academic circle of management, it has continued to hold thesis award events to encourage domestic management relevant postgraduate students to aggressively dedicate themselves in the writing of high quality theses. Since the event was held, it has been highly praised by society and the number of submitted theses has increased over the years. Currently, it has become the most highly anticipated annual event among domestic university faculties and students and the public. This year, the participants can submit thesis which meets the following 6 categories:

- 1.1 Business and strategy management (corporate social responsibility, strategy management, business management and strategy management, technology management, innovation management, international corporate management, public administration, tourism and recreation management, hospitality management, sport management, health care management, MICE management, high-tech service management, long-term care service etc.)
- 1.2 Marketing management (digital and social media marketing, marketing communication, consumer behaviors, brand management, smart business new retailing, customer relationship management, service science etc.)
- 1.3 Financial, accounting and risk management (financial management, financial market, financial accounting, auditing, tax affair research, corporate governance, corporate social responsibility, risk and insurance management, fintech, green financing etc.)
- 1.4 Human resource management and organization behaviors (strategic human resource management, micro human resource management, leadership, team dynamic, innovation and creativity etc.)
- 1.5 Information management and intelligent technology applications (artificial intelligence, IoT, big data analysis, information management strategies, information technology planning and management, e-commerce, information security, knowledge management, deep studying, AR/VR, fintech, smart retailing etc.)
- 1.6 Operation and supply chain management (operation/business management, supply chain management, production management, quality management, business data analysis, smart manufacturing, digital transformation, green supply chain, intelligent logistics etc.)

We anticipate that through the holding of this event, we can promote and spur the knowledge reformation and innovation on different fields of management research. “2026 Fu-

bon Life Management Doctor's and Master's Thesis Award" is open to thesis submission from May 18 to 18:00 PM of July 13. We welcome postgraduate students (including on-the-job postgraduate students) from management relevant departments throughout Taiwan to participate (for thesis format, please to refer to the following contents).
